Preface

Distinguished cutlery since 1924

ETERNUM is a Belgian family business, with headquarters in Gembloux. Since 1924, our company has focused on the creation, production and sale of stainless steel cutlery and tableware. We have made it our core business, while renewing our collections from year to year with new and unique designs.

Our high quality products are destined for both private customers, and the hospitality and catering industry. Our collection includes more than 50 different models and approximately 150 pieces of stainless steel tableware. We regularly work with designers experienced in the art of tableware, such as Louis de Limbourg or Nick Holland, to offer original products.

In the interest of customer satisfaction, we offer a tailor made approach, providing the option to add a finishing touch to our cutlery according to customer preferences. ETERNUM offers a polished, satin, or vintage finish, as well as colourway personalisation such as champagne, copper, black, etc.

As a business on a human scale, ETERNUM can rapidly respond to different requests. Its excellent service levels and speed of delivery are unanimously acknowledged by its clients.

Cento

To celebrate its centenary, Eternum introduced Cento. A unique design by Nick Holland, which marks Eternum's craftsmanship and expertise: thanks to the hot forged technology, it was possible to create the central line raised and keep it extended all the way to the bottom of the stem, giving Cento its uniqueness.
